'Dhanu Yatra' begins in Odisha's Bargarh

The '**Dhanu Yatra**' festival, considered to be the **world's largest open-air theatre**, began on 27th December in the **Western Odisha town of Bargarh**.

Important facts

- President **Draupadi Murmu** and Prime Minister **Narendra Modi** greeted the people of the eastern state as the 11-day festival began. The festival began after a gap of two years.
- In this festival, events related to **Lord Shri Krishna** will be presented through folk arts that touch the hearts of millions of people.

About 'Dhanu Yatra'

- The 'Dhanu Yatra', which symbolises the **victory of good over evil**, came into being in **Bargarh** as part of the country's independence celebrations in **1947-48** and is held annually.
- 'Dhanu Yatra' is associated with the **culture of Odisha**.
- It is an open-air theatre festival which is spread over more than 5 square kilometres and includes a village and a town.
- As per tradition, for the whole eleven days, the people of Bargarh obey the orders of **Raja Kansa** and not the district administration.

Background of the festival

- Dhanu Yatra was started after the harvest season of the **year 1947-48**, just after the independence of India as a reflection of the atmosphere of joy in the society for the end of British misrule.
- Since then it is performed every year at the end of the harvesting of **paddy**, the main crop of the area.
- It starts from the 5th day of '**Pousasukla**' to end on '**Pousapurnima**'.
- During 11 days the entire area of Bargarh city and sub-urban areas around Bargarh block turns into '**Mathura Nagari**', the kingdom of Kansa.
- The festival begins with a drama depicting the downfall of **Ugrasena**, the emperor of Mathura, by Kansa, enraged at the marriage of his sister **Devaki with Vasudeva**.
- The festival ends with the death of the demon king Kansa and the restoration of the throne to **Ugrasena**.

2. India's first carbon neutral farm inaugurated by Kerala Chief Minister Pinnari Vijayan at Aluva, Kerala (Dec. 10, 2022)

India's first carbon neutral farm inaugurated by Kerala Chief Minister Pinnari Vijayan

Kerala Chief Minister **Pinnari Vijayan** on 10 December 2022 inaugurated Kerala's State Seed Farm located in **Aluva, Ernakulam** district. It is the first farm in India which is [carbon neutral](#).

The farm practices carbon-neutral farming which involves absorption of all the carbon that gets released during various agriculture practices in the soil itself.

The farm avoids using fossil fuels, energy-consuming equipment, and chemicals during cultivation by practicing mixed farming, keeping native breeds of goat, chicken, ducks and cows and producing vermicompost.

Mixed farming involves the cultivation of crops and raising of livestock.

How the farm is made carbon neutral

- The main crop in the farm is high-yielding paddy and a variety of this crop is grown including njavara, rakthashali, Japanese violet, chottadi, and pokkali. By mixing five different varieties there is reduction in attacks by pests and diseases thereby avoiding the use of pesticides completely?
- Farming of goats, cows, chicken, ducks, bees, fish, vermicompost and azolla has also helped in cutting down waste generation. Converting agriculture waste into compost provides fertiliser for the fields as doe's cow dung. The ducks and hens in the farm help in controlling pests.
- The animals on the farm are fed fodder, grass, hay and barn, all of which are produced at the farm. To become completely carbon-neutral, the farm has solar panels on the roof which helps in meeting the need for power.
