An overview of the news

- This event is being organised from 16 to 18 February at **Pragati Maidan**.
- The International Engineering and Technology Fair is organised by the **Confederation of Indian Industry (CII)**.
- The event is not only a celebration of India's growth story in engineering and manufacturing sectors, but also a testimony to collaboration with other countries in the best advanced technologies in the world.
- IETF-2023 covers **11 areas of emerging technologies** that will have a profound impact on the economy and society.

- IETF-2023 is a determined effort to showcase engineering and technologies that promote
- harmony between nature and science.

3. Spanish government passes law providing 'menstrual leave' for the first time in Europe (Feb. 17, 2023)

Spain's government approved a law providing **paid medical leave** for women suffering from **severe menstrual pain**, a **first in any European country**.

An overview of the news

- Such facilities are currently available in **Japan, Indonesia and Zambia**.
- According to the law, as much leave is needed for any female employee in case of illness, as much leave is required to deal with the pain during periods, no matter what field it is related to.
- According to the rules like paid leave found in other health related problems, approval should be given to get treatment from the doctor even during the period.
- However, the new law does not specify the number of days leave should be given by doctors during periods.

Other countries providing menstrual leave

- **Indonesia** passed a law in 2003 that gives women the right to two days of paid menstrual leave per month without prior notice.
- In **Japan**, a 1947 law states that companies must agree to provide women with menstrual leave if they request for it.
- In **South Korea**, women are entitled to one day of unpaid menstrual leave per month. Employers who refuse face fines.
- In **Taiwan**, the Gender Equality in Employment Act entitles women to three days of menstrual leave per year.
- **Zambia** passed a law in 2015 allowing women to take a day off without notice during menstruation.

6. Dr Mansukh Mandaviya inaugurates IFFCO Nano Urea Liquid Plants at Aonla and Phulpur in UP (Feb. 16, 2023)

Dr Mansukh Mandaviya

Union Minister of Health and Family Welfare, Chemicals and Fertilizers, **Dr Mansukh Mandaviya** inaugurated the **IFFCO Nano Urea Liquid Plants at Aonla and Phulpur in Uttar Pradesh** on 14 February.

An overview of the news

- Nano Urea will ensure the progress of the farmers in times to come, increasing their income.
- In this way it will change the future of Indian farmers.
- Nano Urea is the best green technology and provides a solution to pollution.
- It protects the soil and also increases the production and hence best for the farmers.
- **Nano DAP** has been approved by the expert committee of the government and it will soon replace DAP.
- Nano-DAP will greatly benefit farmers and will be available at half the cost of DAP.

What is Liquid Nano Urea (LNU)?

- Nano urea is a **liquid form of nitrogen** providing plant nutrient as a conventional alternative to urea.
- It has been developed in place of **conventional urea** and has the potential to reduce the requirement of conventional urea by at least **50 percent**.

- One **500 ml bottle contains 40,000 mg/l nitrogen**, which can provide nitrogen nutrients equivalent to one bag/sack of normal urea.
- The effectiveness of Nano Urea Liquid is more than **80%**.
- Its use has been found to increase the yield by about **8%**.
- Its aim is to reduce **farmers' dependence** on packaged urea.

7. Cabinet approves construction of Shinku La Tunnel to provide all weather connectivity in Ladakh (Feb. 16, 2023)

Shinkun La tunnel

The **Union Cabinet** on 15 February approved the construction of the 4.1-km **Shinkun La tunnel** on the **Nimu-Padam-Darcha road link** to provide all-weather connectivity to the border areas of Ladakh.

An overview of the news

- The **Cabinet Committee on Security** approved the construction of the tunnel which will provide **all-weather connectivity to the Ladakh region** with the rest of the country.
- The tunnel will be completed by **December 2025** at a cost of **Rs 1,681 crore**.
- Another **Zojila tunnel** is also under construction which is on **Srinagar-Kargil-Leh National Highway**.

About Shinku La Tunnel

- The Shinku-La tunnel will be constructed over the **Shinku La Pass** at a height of **16,580 feet**.
- Shinku La is a **mountain pass** on the border of **Ladakh and Himachal Pradesh**.
- It connects the **Zaskar valley of Leh-Ladakh to Lahaul in Himachal Pradesh**.
- It is situated to the **north of Rohtang Pass**.
- The length of the tunnel will be **4.1 km**.
- It will be built by the **Border Roads Organization (BRO) under Project Yojkar**.

Significance

- The Shinku La tunnel will provide **all-weather road connectivity** to Ladakh and will be the shortest route to the border areas of the union territory.
- This will lead to all-round development of the region and boost **tourism, health and education sectors**.

- This project is also very important from the point of view of **strategic and national security**.
- This will also help in the movement of security forces in that area.

8. Cabinet approves construction of Shinku La Tunnel to provide all weather connectivity in Ladakh (Feb. 16, 2023)

Shinkun La tunnel

The **Union Cabinet** on 15 February approved the construction of the 4.1-km **Shinkun La tunnel** on the **Nimu-Padam-Darcha road link** to provide all-weather connectivity to the border areas of Ladakh.

An overview of the news
