6. Ministry of Civil Aviation launches UDAN 5.1 (May 25, 2023)

Ministry-of-Civil-Aviation-launches-UDAN-5.1

The **Ministry of Civil Aviation** in India has **launched UDAN 5.1** on 24 May, a special edition of the **UDAN (Ude Desh ka Aam Nagrik) scheme**, with a special focus on **helicopter routes**.

The main features of UDAN 5.1

- For the first time under Regional Connectivity Scheme RCS-UDAN, this round is designed specifically for helicopter routes.
- There will be an increase in the **scope of operations for the operators**, which will now also allow routes where one of the origin or destination points is in the priority zone.
- The **airfare ceiling has been reduced by 25%** to make flying in helicopters more affordable for passengers.
- The **Viability Gap Funding (VGF) cap** for single and twin-engine helicopter operators has been substantially increased to enhance the financial viability for operating the routes.
- So far **46 helicopter routes** have been **operationalized under the scheme**, benefitting many **hilly and North East states and UDAN 5.1** is targeting coverage of a much larger number of routes.

About UDAN Scheme

- **Ude Desh Ka Aam Nagrik (UDAN)** was **launched in 2016 as a Regional Connectivity Scheme (RCS)** under the **Ministry of Civil Aviation**.
- Its objective is to make **affordable, economically viable and profitable air travel** on regional routes available to the common man even in small towns.
- It seeks to improve air connectivity to **tier-2 and tier-3 cities** through revival of unused and underused airports.
- The scheme will be jointly funded by the **central government and state governments**.
- The scheme will run for **10 years** and can be extended thereafter.

7. More than 90% of funds allocated under Smart Cities Mission utilised (May 25, 2023)

Smart Cities Mission

Union Housing and Urban Affairs Minister **Hardeep Singh Puri** has announced that **more than 90%** of the funds allocated under the **Smart Cities Mission** are being **utilized and 73%** of the projects have already been completed.

An overview of the news

- The smart city project was to be completed within five years of the selection of the city.
- However, in 2021, the ministry changed the **deadline to June 2023** for all cities.

About Smart Cities Mission

- Smart Cities Mission is an initiative of the Union Ministry of Housing and Urban Affairs which was launched in 2015.

- It aims to transform urban areas into **sustainable, citizen-friendly and technologically advanced cities.**
- The mission's primary objective is to enhance the quality of life for citizens by providing them with improved infrastructure, better governance, and increased economic opportunities.
- Between **January 2016 and June 2018** (when the last city, Shillong, was selected), the ministry selected 100 cities for the mission in five rounds.

Selection Process

- The mission follows a competitive approach where cities submit proposals based on specific criteria, including the adoption of smart solutions, citizen engagement, and sustainable development.
- The selected cities undergo redevelopment in a phased manner.

Core components

- Infrastructure development:** Emphasis is placed on developing physical infrastructure such as transportation systems, water supply, sanitation, and affordable housing to meet the needs of the urban population.
- Technology integration:** The mission integrates technology to improve service delivery, including data analytics and smart grids devices for efficient resource management and real-time monitoring.
- Citizen engagement:** The mission focuses on citizen participation and engagement through mobile applications and feedback mechanisms, empowering them to contribute to decision-making processes and hold authorities accountable.
- Sustainable practices:** The mission promotes sustainable development by encouraging the use of renewable energy sources, green building practices, waste management systems, and efficient urban planning.

Funds Utilisation

- Till 1 May 2023, a total of **Rs 38,400 crore** was released for the Smart Cities Mission.
- Out of this amount, **₹35,261 crore** has already been utilized for various projects.

Project Completion

- The Smart Cities Mission includes around **7,800 projects worth Rs 1.8 lakh crore.**
- Of these projects, more than **5,700 projects worth Rs 1.1 lakh crore** have been completed.
- The remaining projects are expected to be completed by **June 30, 2024.**
- Currently, only **22 out of 100 designated cities** have **successfully completed all the projects** under the mission.

8. More than 90% of funds allocated under Smart Cities Mission utilised (May 25, 2023)

9. Ministry of Education and PARAKH organise the 1st National level workshop (May 24, 2023)

1st-National-level-workshop

Recently, the **Ministry of Education** organized a **workshop in New Delhi to discuss the integration of 60 school examination boards** operating in **different states and union territories**.

An overview of the news

- The key component of the scheme is **PARAKH**, a National Assessment Center set up under the **National Council of Educational Research and Training**.
- The central government is planning for uniformity of boards to facilitate seamless transition for students in different boards or regions.
- It aims to align curriculum standards, grading system and evaluation methods so as to enhance the credibility and recognition of certificates and grades obtained across all boards.
- The workshop highlighted the **need to re-evaluate the rote-examination culture prevalent** in the education system.

What is PARAKH?

- PARAKH full name is -**Performance Assessment, Review and Analysis of Knowledge for Holistic Development**.
- It will act as a constituent unit of the **NCERT**.

- It will also be tasked with conducting **periodic learning outcome tests like National Achievement Survey (NAS) and State Achievement Survey.**
- This framework will seek to curb the emphasis on rote learning as envisaged by the **National Policy on Education (NEP) 2020.**
- It will be the proposed implementing agency and also will be part of the **NEP proposal.**
- Its team will consist of leading assessment experts with a deep understanding of the education system in India and internationally.
